MB Docket No. 99-25

Hello. My name is Michelle Sasscer and I am writing to urge you to support the creation of Low Power Radio Service. Having been a community radio deejay for many years I can personally attest to the significance of individual voices on the air, It is now more critical than ever that we establish support and protection for LPFM, when giant, obscenely powerful national broadcast companies have all but wiped independent radio off the dial.

thank you for your time in reading my comment.
